Registrant's telephone number, including area code
9. _____
Former name, former address and former year, if changed last report
10. Securities registered pursuant to Sections 4 and 8 of the RSA

<u>Title of Each Class</u>	<u>Number of Shares</u>
Common	75,000,000
Special Common	10,000,000
Preferred	<u>10,000,000</u>
	<u>95,000,000</u>

Note:

The Philippine Construction Corporation (PNCC) has 141,519,380 shares (99,444,759 common shares and 42,074,621 preferred shares) issued to different Government Financial Institution in 1983. For purposes of registration of said shares, PNCC with Feria Law offices as consultant filed its Amended Registration Statement on 15 August 2001. On December 19, 2001, SEC, under Resolution No. 726, Series of 2001 ruled that the equity securities of PNCC are exempt from registration requirements in accordance with Section 9.1 of the Securities Regulation Code.

11. Are any or all of these securities listed on the Philippines Stock Exchange?

Yes No

If yes, state the name of such Stock Exchange and the class/es of securities listed therein:

PHILIPPINE STOCK EXCHANGE (PSE)

12. Indicate by check mark whether the registrant:

(a) has filed all reports required to be filed by section 17 of the Code and SRC Rule 17 thereunder or Section 11 of the RSA Rule 11(a)-1 thereunder, and Section 26 and 141 of the Corporation Code of the Philippines, during the preceding twelve (12) months (or for such shorter period the registrant was required to file such reports);

Yes No

(b) has been subject to such filing requirements for the past 90 days.

Yes No

PART I – FINANCIAL INFORMATION

Item 1. Financial Statements

Financial Statements and, if applicable, Pro Forma Financial Statements meeting the requirements of RSA Rule 68, Form and Content of Financial Statements shall be furnished as specified therein. (Refer to attached)

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. (Refer to attached)

PART II – OTHER INFORMATION

The issuer may, at its option, report under this item any information not previously report in a report on SEC Form 17-C. If disclosure of such information is made under this Part II, it need not be repeated in a report on Form 17-C which would otherwise be required to be filed with respect to such information or in a subsequent report on Form 17-Q.

SIGNATURES

Pursuant to the requirements of the Securities Regulation Code, the issuer has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Item 1.5 Earnings (loss) Per Share

The Company's earning (loss) per share is presented on the face of the Income Statement (Item 1.2). Said earning (loss) per share is computed by dividing the net income (loss) by the number of outstanding common shares.

Item 1.6 Disclosure that the issuer's interim financial report is in compliance with the generally accepted accounting principles

The interim financial statements of the Philippine National Construction Corporation are prepared on a historical cost basis, except for investment property and property and equipment which are carried at revalued amounts. The financial statements are presented in Philippine peso, which is the company's functional and presentation currency. The amounts are rounded off to the nearest thousand pesos.

Item 1.7 Notes to Financial Statements

1.7.a Accounting Policies and Methods

1.7.a.1 The same accounting policies and methods of computation are followed in the interim financial statements as compared with the most recent annual financial statements.

1.7.a.2 Revenue Recognition

Pursuant to the Supreme Court En Banc Decision, the Company no longer recorded the tollways income from the North and South Luzon Tollways (NLT and SLT).

Pending issuance of the implementing rules and guidelines for the determination of the amounts due to the Company for its administrative expenses, the Company recognized 10% of its share from the Joint Venture Companies' gross toll revenues, in accordance with the interim guidelines issued by the Toll Regulatory Board (TRB).

Rental income arising from the investment property is accounted for on a straight-line basis over the term of the lease.

1.7.a.3 Allowance for Doubtful Accounts

Allowance for doubtful accounts is maintained at a level considered adequate to provide for potentially uncollectible receivables. The level of allowance is based on past collection experience and other factors that may affect collectibility. Evaluation of the receivables, on a per account basis, is performed on a continuous basis throughout the year.

1.7.a.4 Prepayments

Prepayments are expenses paid in advance and recorded as asset before they are utilized. This account comprises of insurance premiums, other prepaid items, and creditable withholding taxes. Prepayments that are expected to be realized for no more than twelve (12) months after the reporting date are classified as current assets, otherwise, these are classified as other non-current assets.

This account also includes inventories consisting principally of construction materials, spare parts, and supplies are stated at cost, generally determined by the average cost method for a significant portion of domestic inventories and by the first in-first out method for other inventories. Allowance for inventory write down is provided for all non-moving/obsolete items of the inventory account.

1.7.a.5 Investments

The Company accounts for its investments in wholly-owned/controlled subsidiaries at cost. Allowance for impairment is provided.

The Company believes that the effects of not consolidating the subsidiaries are not material to the financial statements because these are no longer operating, except for DISC Contractors, Builders, and General Services, Inc. (DCBGSI) which has been incurring losses, resulting to accumulated deficit.

In a regular board meeting held on November 14, 2011, the PNCC Board resolved to comply with the mandate of the Supreme Court to transfer and turn over the shares of stock in tollway joint venture companies which PNCC is holding in trust for the National Government.

Available for sale equity securities (club shares) are recorded/measured/presented at fair market value as provided under PAS 39, Financial Instruments: Recognition and Measurement.

1.7.a.6 Investment Property

Investment property are land or building or both held to earn rentals or for capital appreciation or both. Investment property is recognized as an asset when and only when it is probable that future economic benefits associated with the property flows to the entity and the cost of the property can be measured reliably.

Investment property is initially measured at cost. Subsequent to initial recognition, the account is stated at fair value, which

has been determined based on the valuations performed by independent firms of appraisers. The changes in fair value from year to year are recognized in the profit or loss.

1.7.a.7 Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and any accumulated impairment in value. Property and equipment are subsequently carried at revalued amounts.

Depreciation commences once the property and equipment are available for use and is computed using the straight-line method over the following estimated useful lives:

<u>Asset Type</u>	<u>Estimated Useful Lives</u>
Land improvements	10 years
Buildings and improvements	10 to 33 years
Construction equipment	2 to 10 years
Transportation equipment	3 to 5 years
Office equipment-furniture and fixtures	5 years
Others	2 to 7 years

Fully depreciated assets are retained in the accounts until they are no longer in use and no further depreciation are charged against operations.

When the assets are retired or otherwise disposed of, the cost and related accumulated depreciation and impairment in value are removed from the accounts and any gain or loss resulting from the disposal is directly charged or credited in the current operations.

1.7.a.8 Revaluation Increment in Property

The increase in the asset's carrying amount as well as a result of revaluation is credited to equity under the heading of "Revaluation Increment in Property". The revalued asset is being depreciated and as such, part of the surplus is being realized as the asset is used. Realization of the revaluation increment is credited to Retained Earnings account.

Piecemeal realization of the revaluation increment is effected on a yearly basis.

1.7.a.9 Borrowing Costs

Borrowing costs are expensed as incurred. These costs represent the 2 per cent penalty charges imposed by the Toll Regulatory Board (TRB) on unpaid concession fee.
